Canson® Contrecollés Mi-Teintes®

Le papier à dessin Canson® **Mi-Teintes®** au grain unique nid-d'abeilles, uni ou chiné, contrecollé sur du carton Canson® **Conservation**.

Les contrecollés Canson® **Mi-Teintes®** sont sans acide et conformes à la norme de permanence ISO 9706, garantie d'une conservation dans le temps optimale. L'âme blanche est tendre, ce qui permet une découpe aisée en biseau direct à 45°.

C'est à la fois un support rigide idéal pour le dessin au pastel et pour la confection de passe-partout d'encadrement. Polyvalent, le **Contrecollé Canson® Mi-Teintes®** satisfait les exigences de l'encadrement d'art (conservation, tenue lumière, couleurs neutres...) et de l'encadrement créatif (texture alvéolée, couleurs vives).
